WHERE PEOPLE AND IDEAS CONNECT
Just Add People

Today, work is less tethered to the workstation. While the notion of where and how people work keeps changing, a good worksurface has always been at the heart of productivity. Preside tables provide the perfect balance of selection, style and technology to enhance the productivity of today’s workforce and create a stylish statement wherever work gets done.
MAKING CONNECTIONS
Gathering areas come in all shapes and sizes. They range from formal reserved boardrooms to casual impromptu meeting spaces. Preside’s adaptable table configurations fit any size or type of shared space, and route data and power directly to the worksurface to help everyone stay connected.
ABOVE AND BEYOND

Not all meetings are created equal. Some require added attention to leave a lasting impression. Preside integrates people, technology, hospitality and furniture to enrich the user experience and ensure effective communication. When used together, Preside Conference Series creates spaces where people can present comfortably, share ideas visually, and grab a bite without losing productivity.

PRESIDE DELIVERS

1. Flip-Top Ports route power and data to the worksurface.
2. Hospitality Credenza with concealed waste bin and mini fridge.
3. Presentation Cabinet with whiteboard and doors.
SO LONG, LIMITATIONS.
Preside tables can be specified as long as you need them to be. Go long with two-piece tops (10’, 12’, or 14’), longer with three piece tops (16’, 18’, or 20’), or even longer with modular tops that can be extended to whatever length you need. Choose from rectangle, boat, or racetrack shapes.

TECHNOLOGY GROMMETS
Flip-top ports include 3 or 4 outlets that provide easy access to power and data. Port configurations can include VGA, HDMI, USB and more.

4-TRAC ELECTRICAL SOLUTION
This cord brings electricity from the wall to the table, and lays flat on the floor to prevent tripping.

WIRE MANAGEMENT BASES
Wire management bases include hollow panel, cylinder, aluminum T-base and X-base, and provide easy access to cables and cords.

PLUG IN. POWER UP
In collaborative settings, people need to stay connected with each other as well as with the technology they rely on to actively engage. With Preside, everyone has immediate access to power and data for right-then, right-there use.

SO LONG, LIMITATIONS.
Preside tables can be specified as long as you need them to be. Go long with two-piece tops (10’, 12’, or 14’), longer with three piece tops (16’, 18’, or 20’), or even longer with modular tops that can be extended to whatever length you need. Choose from rectangle, boat, or racetrack shapes.

WORKING BETTER TOGETHER

Preside tables bring people together for planned meetings and impromptu encounters. They are designed to support work, wherever people gather. The wide variety of shapes and sizes accommodate any type of space or desired configuration. Preside also supports technology by delivering power, data and connectivity right to the worksurface for simple and quick accessibility.
MEETING SPACES
Large meetings and presentations take place in conference rooms that are big enough to offer ample worksurface area. Preside tables are perfect for larger spaces because they can be specified in lengths up to 20 feet, and are complemented by hospitality credenzas and mobile presentation carts.

ENGAGING SPACES
With endless options, Preside can turn smaller spaces into engaging meeting rooms that foster conversation and collaboration. Preside supports interaction with technology and wire management options, as well as a variety of table sizes and shapes.

BREAKOUT SPACES
Position a Preside table adjacent to a workstation area to offer a place for teams to meet, spread out and share ideas.

GATHERING SPACES
Everyone needs a break away from their desk, that’s why Preside continues to support people in café and lounge settings. An arrangement of 36”, 42” or 48” standing height tables with stools encourage casual meetings and support collaboration.
A PERFECT PARTNER
For open spaces and private offices, Preside tables coordinate with HON desking edge profiles, laminate colors and veneer finishes. Preside table tops are available in a number of different shapes and sizes, allowing you to create virtually endless configurations. From contemporary to traditional, you can customize the aesthetic of your space with Preside. Whatever your needs or tastes are, Preside has an answer.
FROM LAMINATES TO VENEER
Durable, stain-resistant laminates—woodgrain, solid, and patterned—maximize value and create attractive two-tone effects when used together or with veneer.
