**Effective Date:**  
September 1, 2011

**Supersedes HON  
List Pricer dated**  
January 1, 2011

## HON FULL LIFETIME WARRANTY

### YOUR HON FULL LIFETIME WARRANTY

Every time you purchase a HON product, you're making an investment in your future. We're proud to play a part in that future, and you can trust us to do our best for as long as you need us.

The HON Full Lifetime Warranty is our assurance to you that the HON desks, workstations, seating, tables, or storage you purchase will be free from defective material or workmanship for the life of the product.

In the unlikely event that any HON product or component covered by the HON Full Lifetime Warranty should fail under normal workplace use as a result of defective material or workmanship, HON promises to repair it. If we are unable to repair it, we will replace it with comparable product or, if you prefer, we will refund your purchase price.

### WHAT'S COVERED BY THE HON FULL LIFETIME WARRANTY?

Your HON Full Lifetime Warranty applies to product manufactured after January 1, 2011. All HON product lines, materials, and components are covered by your HON Full Lifetime Warranty except for the items described below.

The specific product lines, materials, and components listed below are covered under HON's Full 12-Year and Full 5-Year Warranties (from date of purchase).

### HON'S FULL 12-YEAR WARRANTY

- Electrical components (lamps and ballasts are not covered)
- Seating ilira®-stretch
- Laminate surfaces
- Seating controls
- Signal seating upholstery fabric
- Accessories
- Wood seating
- Veneer surfaces

### HON'S FULL 5-YEAR WARRANTY

- Panel and seating textiles

These warranties apply to HON products sold within the United States of America, U.S. Territories, and Canada, as well as U.S. Military and Federal Agency purchases (regardless of location).

### IS ANYTHING NOT COVERED?

There are a few exclusions to the HON Full Lifetime Warranty and to the 12 and 5-year warranties. These exclusions are:

- All basyx® by HON products (these products are covered under a separate basyx® by HON warranty).
- Color-fastness or matching of colors, woodgrains, or textures occurring in wood, leather, or other materials that naturally exhibit inherent color variations.
- Customer's own materials (COM) selected by and used at the request of a user.
- Modifications or attachments to the product that are not approved by The HON Company and product failures resulting from such modifications or attachments.
- Product normal wear and tear, which is to be expected over the course of ownership.
- Products that were not installed, used, or maintained in accordance with product instructions and warnings.
- Products used for rental purposes.

### WARRANTY REQUESTS OR QUESTIONS?

Your HON dealer is our mutual partner in supporting your warranty requests. To obtain service under this warranty, please contact your HON dealer. If you are not sure who your dealer is, please call HON Customer Support at 800.833.3964.

THAT'S YOUR HON FULL LIFETIME WARRANTY. AS AN OWNER OF HON PRODUCT, THE WARRANTY EXPLAINED HERE IS YOUR SOLE AND EXCLUSIVE REMEDY. THERE ARE SOME EXCEPTIONS IF YOU PURCHASED THE PRODUCT FOR HOME OR PERSONAL USE WHICH ARE EXPLAINED BELOW. TO THE EXTENT ALLOWED BY LAW, THE HON COMPANY MAKES NO OTHER WARRANTY, EITHER EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE HON COMPANY WILL NOT BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES.

### A WORD ABOUT PURCHASES FOR HOME OR PERSONAL USE

Please note, this section only applies if you purchased your HON product for your home or for your own personal or family use. HON's warranties give you specific legal rights and you may have other rights, which vary from state to state. As a consumer purchaser, the complete exclusion of implied warranties noted in the above paragraph does not apply to you, however, to the extent allowed by applicable state law, the implied warranties are limited to the applicable term of the warranty. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above exclusion or limitation may not apply to you.

## LIMITED 5-YEAR WARRANTY

The HON Company promises to repair or replace any *basyx*<sup>®</sup> by HON product or component that is found to be defective in material or workmanship within five (5) years from the date of original purchase so long as you, the original purchaser, still own it. This is your sole and exclusive remedy. This warranty is subject to the provisions below. It applies to product manufactured after July 1, 2004.

### Limitations:

- Upholstery on chairs is warranted for two years from date of purchase.
- Damage caused by the carrier in-transit is handled under separate terms.

### Exceptions:

- Pneumatic cylinders on chairs are warranted for so long as you, the original purchaser, still own the chair.

### Exclusions:

This warranty does not apply and no other warranty applies to:

- Normal wear and tear, which are to be expected over the course of ownership.
- Modifications or attachments to the product that are not approved by The HON Company.
- Products that were not installed, used or maintained in accordance with product instructions and warnings.
- Products used for rental purposes.

### Seating Usage

Normal commercial use for seating is identified as the equivalent of a single shift, forty- (40) hour workweek. To the extent that a seating product is used in a manner exceeding this, the applicable warranty period will be reduced in a pro-rata manner.

### A word about color variations, fabrics and finishes:

The HON Company does not warrant the color-fastness or matching of colors, grains or textures of covering materials.

### Customer's Own Material (COM)

Not available on *basyx*<sup>®</sup> by HON product.

TO THE EXTENT ALLOWED BY LAW, THE HON COMPANY MAKES NO OTHER WARRANTY, EITHER EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE HON COMPANY WILL NOT BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES.

### Notice to purchasers for home or personal use:

Federal law does not permit the exclusion of certain implied warranties for consumer products. Therefore, if you are purchasing this product for home or personal use, the exclusion of implied warranties noted in the above paragraph does not apply to you. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

This warranty applies only to products sold within the United States of America and the Commonwealth of Canada.

### To obtain service under this warranty:

Your *basyx*<sup>®</sup> by HON Dealer is our mutual partner in supporting your warranty requests. By following the procedures outlined below, you can be assured of the best level of service. Please note: Consent of The HON Company must be obtained before any warranty work is performed. To obtain consent, please take the following steps:

1. Contact the Dealer from whom the product was purchased within 30 days of discovery of the defect. Be prepared to affirm that you are the original purchaser of the product and to provide the serial number(s) from the product in question.
2. Your Dealer will gather all pertinent information regarding the claim, inspect the product and contact a HON Company customer service representative. (Please allow a reasonable amount of time for inspection and review.)
3. If The HON Company affirms that the product in question is eligible under the conditions of the warranty as stated above, the customer service representative or another representative of the Company will determine whether to provide replacement parts, authorize repairs or replace the product.

- ▶ Software support packages furnished to the customer, either by The HON Company or by another source, which support the sale of HON products are superseded by printed pricelists.
- ▶ All dimensions shown in this publication are nominal.
- ▶ All illustrations and specifications in this publication are based on the latest product information available at the time of print.
- ▶ Pricing is subject to change without notice.
- ▶ All orders are subject to prices in effect at the time of order.
- ▶ Ordering information appears at the beginning of a section complete with examples on how to specify. These specifying information pages are referenced at the bottom center of product pages.
- ▶ HON Full Lifetime Warranty applies unless otherwise noted.
- ▶ HON nationwide customer service: Phone: (800) 833-3964 Fax: (800) 328-7257

**ORDER PROCESSING**

Orders will be processed more efficiently when placed electronically or via fax. Orders must only contain HON brand product.

**Order Entry**

Upon receipt of order, a 24-hour order entry turn-around time is achieved, provided the order is complete and accurate with pertinent information needed. Weekends and holidays are not included in the 24-hour count. Failure to provide The HON Company with correct colors, models, etc. may result in a delay in processing the order.

**Missing Information**

Orders missing information will result in The HON Company contacting you via email/fax/phone and processing will not be completed until after an answer/response is received.

The most frequent pieces of missing information causing delays in order processing are:

- Customer code numbers
- Drop ship phone numbers
- Bid sheets
- Invalid model number
- Invalid/discontinued color
- Missing complete color code

*Examples:* Frame color on chair  
Paint color on steel desk

**Acknowledgement**

An acknowledgement will be faxed/emailed the evening after order entry to Dealers unless the order is placed on credit hold or other hold. The order cannot be acknowledged until the hold is released.

Dealers are strongly advised to review these acknowledgements immediately to reduce the impact of order processing errors. All order changes must be communicated to The HON Company by the end of the next business day following the faxed acknowledgement.

After the order confirmation window, The HON Company will schedule production. Order changes after the confirmation window may not be possible.

**Mark For**

In an effort to reduce overall administrative costs and efforts to everyone involved, The HON Company does have the ability to mark each carton with your individual PO #s which can allow you to group orders under one "blanket P.O.", reducing invoices, shipping paperwork, acknowledgements, etc. If you would like assistance with order placement or order management, please contact HON Customer Service.

**Terms**

For Sales and Purchasing Terms and Conditions refer to The HON Company's *Sales and Discount Policies*.

**PURCHASE ORDER**

The Purchase Order on the following page is provided as a guideline to the information required when placing an order. Feel free to copy the Purchase Order document on the following page and use it to compile and fax your order to The HON Company. Order electronically 24 hours-a-day, seven days-a-week at [honready.hon.com](http://honready.hon.com).

**EDI**

The HON Company has Electronic Data Exchange (EDI) capability and encourages your participation. Please contact HON Customer Service for details.

**HOW TO SPECIFY**

Specification instructions can be found on page 12 as well as on each product page.

**HON. DAILY****Nationwide CS Phone  
800-833-3964****HON Daily makes it easy**

Small business owners get pulled in many directions on a daily basis. When they find a trusted resource that can take one of their tasks off their plate, they welcome the help. You can be that resource for small business clients.

Meet HON Daily, a comprehensive office furniture program that caters to small and medium-sized businesses. In the past, these clients have been a challenge. They typically buy less furniture, yet require a higher level of service. Not anymore. HON Daily streamlines the buying process, making it easy for customers to specify and buy HON furniture. You'll complete small orders more efficiently — and make more money doing it.

For a complete list of products, finishes and terms visit the HON Ready Dealer Portal at [honready.hon.com](http://honready.hon.com) or refer to your HON Daily selling tools.

### HON Integrated Design Solutions

#### Need design assistance? We can help!

Our expert design staff will create a professional design package that is sure to put you one step ahead of the competition. And the best part is it's free\*!

#### Audit

We will check your drawing and parts list for accuracy. We verify quantity, specification accuracy, product compatibility and structural support.

#### Furniture Plan & Specification Package

We will provide a professional design package including a CAD furniture plan, 3-D line drawing and complete parts list based on the rough sketch and work order forms you supply.

#### Value Engineering

We will optimize workstation layouts and propose potential cost saving measures to help your customer save money and make you more competitive and profitable.

#### Photo-Realistic Rendering

We will create a photo realistic of your furniture plan to help your customer visualize what their desired office space will look like.

#### \*Space Planning — Chargeable Service

Let our team do the creative work for you. Our low rates and expert staff will create a furniture layout and design that best suits your customer.

**Submit your request on the HON Ready Portal at [honready.hon.com](http://honready.hon.com), Integrated Design Solutions**

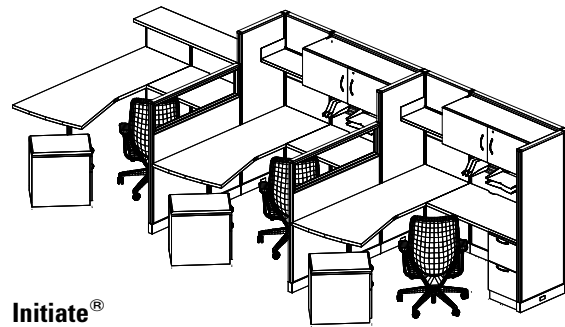

#### Turn Around Time

1-3 business days depending on complexity and size of your project.

**Customer's Own Materials (COM) Program**

HON understands that customers may want to specify fabrics outside of HON's standard fabric offering. Our COM program was designed to make specifying non-standard fabrics on HON products a simple and hassle-free process. This process is described below under "HON to Supply". If a Dealer wishes to manage the COM process, they can do so by following guidelines under "Dealer to Supply". Find out more about HON's COM process by emailing our Tailored Solutions Department at HONCOMTeam@honcompany.com.

**HON to Supply**

1. Upon selecting the fabric you wish to utilize, please check the approved fabrics listing at the HON Ready Portal / Tailored Solutions / Browse Catalog / Fabric Test Catalog Search. The COM supplier's name, fabric pattern name, and color name are required to search for approved fabrics.
2. If the fabric is listed as an approved fabric, an order may be placed directly with HON Customer Support. The fabric code (e.g. S216426XP) from the Tailored Solutions Test Request is required on the order in the place of the standard fabric code. **Please make sure to mark on the top of the order "HON to Supply"**. If the fabric is not listed as approved, a COM Test Request on Tailored Solutions must be completed. Please refer to COM Testing Process.
3. If the fabric is approved, an email summary from Tailored Solutions will be sent with the correct price grade and fabric code for order purposes. Written COM price quotes are valid for 90 days after issue date.
4. If the fabric has been approved by HON, enter the order directly with HON Customer Support. HON will procure the COM Fabric and process the COM order. In the event that the Dealer decides to cancel a COM fabric order, the Dealer is responsible for the cost of the fabric plus a handling charge that is equal to 10% of the fabric cost.

**Dealer to Supply**

1. Upon selecting the fabric you wish to utilize, please check the approved fabrics listing at the HON Ready Portal / Tailored Solutions / Browse Catalog / Fabric Test Catalog Search. The COM supplier's name, fabric pattern name, and color name are required to search for approved fabrics.
2. If the fabric is listed as an approved fabric, an order may be placed directly with HON Customer Support. The fabric code (e.g. S216426XP) from the Tailored Solutions Test Request is required on the order in the place of the standard fabric code. **Please make sure to mark on the top of the order "Dealer to Supply"**. Necessary COM yardage may be determined by consulting the HON Pricer. The HON Company bears no responsibility for the cost of any additional yardage required. All fabrics are inspected for flaws and adequate yardage; however, The HON Company cannot be responsible for defects, color inaccuracies or other flaws should they occur. Customers are notified of any defects or shortages. Excess yardage will be disposed.
3. If the fabric is not listed as approved, a COM Test Request on Tailored Solutions must be completed. Please refer to COM Testing Process.
4. All "Dealer to Supply" orders will be charged Grade 3 + 10% pricing. Dealers are responsible for the cost of the COM fabric.
5. All "Dealer to Supply" fabric must be sent on a fabric roll.
6. Place the fabric order directly with the COM Supplier with instructions for the fabric to be sent on a fabric roll to:

HNI Fabric Distribution Center  
Attn: COM Production Yardage  
Dock Doors 2-4  
3000 University Drive  
Muscatine, IA 52761

7. Information that **MUST** be included in the packing slip attached to the fabric:
  1. Dealer's Purchase Order Number to HON
  2. HON's Tracking Number for the COM fabric
  3. Dealer Name
  4. Yardage Shipped
  5. Approval Tracking Number

If the fabric shipment does not match the correct fabric and yardage, HON will notify the dealer for resolution. If HON receives fabric with incorrect labeling that cannot be linked to a HON furniture order, HON will hold the fabric for up to 7 days while the COM Expeditor attempts to identify the order. After 7 days, HON will notify the sender to determine if they would like the fabric returned with shipping costs to be absorbed by the Dealer. There are no exceptions to this policy. Any cancelled orders are subject to cancellation charges up to the full value of the HON product cancelled. HON will determine the actual cancellation charge at the time the cancellation is requested.

**COM Testing Process**

If the Tailored Fabric (COM) has not been tested and approved, the Dealer must submit a Tailored Fabric request on the HON Ready Portal / Tailored Solutions. In some instances, HON will be able to procure the test fabric on the Dealer's behalf. Otherwise, the Dealer will need to arrange for the test fabric to be tagged with the dealership's or specifier's name (whichever is applicable) and sent to:

**Panel and Seating Test Fabric:**

HNI Fabric Distribution Center  
Attn: COM Test Fabric  
Dock Doors 2-4  
3000 University Drive  
Muscatine, IA 52761

The Tailored Fabric request must specify whether the fabric is to be railroaded or pattern cut. Fabric will be applied pattern cut for seating when not specified. Fabric will be applied railroaded for panels, tackboards, tiles and flipper doors when not specified. Test results will be sent within 3 to 5 working days of receipt of the test yardage by HON. Untagged fabrics will be rejected and samples will not be returned. Do not send more material than is required for testing.

If the Tailored Fabric (COM) is approved for use, a tracking approval number and Tailored Solutions (COM) Identification Option Code will be provided by Customer Support.

**Material Requirements for Testing**

Panel – 3.0 yards with 2 memo samples  
Tackboard, Flipper Door – 1.5 yards with 2 memo samples  
Seating (each model and color) – 0.5 yard with 2 memo samples

If all testing has been previously completed, re-testing is not necessary unless size of items has increased, fabric is to be used on a different model, or direction has been changed from that previously approved.

**Additional Policy Information:**

The company assumes no responsibility for the overall appearance, flammability, normal durability, colorfastness, or any other quality standards. The HON Company reserves the right to reject a Tailored Fabric (COM) if the quality of the COM is not satisfactory for the product. Should this occur the customer will be notified with an explanation of the quality issue. The company is not responsible for fabric that has become obsolete at the COM supplier, that is of poor quality, or that is delivered late to the manufacturer from the COM supplier.

Excess yardage will be disposed of at HON's discretion. All cancellations or changes to COM orders are subject to Company approval. Because of the nature of COM, special fabrics, finishes, and structural modifications, products ordered as specials and then cancelled prior to shipment are subject to cancellation costs up to the full value of the product cancelled. The company determines the actual cancellation charge at the time the cancellation is requested. Upon approval, a cancellation number is issued to the Customer.

**Custom Warranty Exclusion**

If the Company agrees to use the Tailored Fabrics (COM) on HON brand products, or, build a custom product:

- The Company shall have no responsibility for the condition, quality, value, performance, physical properties, or any other aspect of the Tailored Fabrics (COM).
- The Company shall have no liability for any damages, injuries, or losses to the customer or to any third party that shall be caused by any Tailored Fabrics (COM), and the customer shall hold the Company harmless for all liability.

**Testing Requirements for Flame Retardant Construction**

The customer is responsible for ensuring that the Tailored (COM) fabric is certified to meet all flame retardant requirements. For Tailored (COM) seating fabric needing the CAL133 Burn Test, there is a \$500 test cost. The fabric must be furnished by the Dealer and the chair must be purchased from The HON Company at Grade III cost, but any Tailored Fabric (COM) upcharge will be waived for the purpose of test. Credit will not be issued for the test chair. All other Tailored (COM) seating fabric must meet a minimum of CAL117 requirements.

When the testing has been completed, the HON dealer will be notified by Customer Support of the test results. An approved Tailored Fabric (COM) will be assigned an approval tracking number and a Tailored Fabric (COM) Special ID (SID) along with the producing location's address.

**Tailored Fabric (COM) Lead Time**

Ship dates will be based on fabric receipt and The HON Company product standard lead time at time of actual entry of order. All fabric must be properly tagged and shipped to the appropriate location. Production schedules will not be finalized until fabric yardage for manufacturing is received.

### Product Modifications

The HON Company, at its own discretion, may modify its standard products to meet specific needs. List prices contained in published list pricers are for standard catalog items only. Changes or alterations to catalog items other than those listed as catalog options are subject to additional charges. Pricing will be furnished upon request. For complete program details, access Tailored Solutions on the HON Ready Portal at [honready.hon.com](http://honready.hon.com). Modifications include Tailored Fabrics (Customer's Own Material) for seating and panels; special finishes (paints), laminates and structural modification to existing standard product.

#### Lead Times:

Lead Times on orders containing "product modifications" are subject to production capacity and material availability. When possible, customers should order "specials" separately to avoid extended lead times for other products. Inquire with The HON Company Customer Support Department for lead time information on desired specials. To submit your special requests, log-in to the HON Ready Portal at [honready.hon.com](http://honready.hon.com) and click on the Tailored Solutions link. For questions on product modifications please contact HON Customer Support.

## Preferred Fabrics Information

HON's Preferred Fabrics is a concise offering of popular panel and seating fabrics preselected from our standard offering. You can rely on these fabrics to be smart choices that are readily available, long-term, for time-sensitive projects. The patterns and colors align with current design trends and have broad application possibilities. A range of grades and price points is available. To order Preferred Fabrics, look for the star icon ★ on pages 291 and 472-475.

## Graded-In Fabric Information

### Select Textiles

Select Textiles is the result of The HON Company's partnership with textile industry leaders CF Stinson, Maharam, Momentum and Ultrafabrics, LLC. The extensive collection of design-driven upholstery fabrics create a superior offering at a great value. Select Textiles significantly updates HON's offering, expanding it with fresh and exciting fabrics.

- Fabric Warranty: Select Textiles are covered by HON's Full Lifetime Warranty.
- Lead-times: Orders specified with Select Textiles will be acknowledged based on standard HON product lead times.
- Availability: HON will regularly introduce new Select Textiles and reserves the right to change the offering at any time.
- Fabric Samples: Select Textiles are carded jointly by HON and the supplier.
- Fabric Memo Samples: Please contact the supplier directly for memo samples:  
 CF Stinson: (800) 841-6279  
 Maharam: (800) 645-3943  
 Momentum: (800) 366-6839  
 Ultrafabrics: (877) 309-6648
- Find fabric designators and series availability on pages 472-475, 482-483 and 506-507.

### Smart Textiles

HON also offers its products in pre-approved fabrics from CF Stinson, Maharam, Momentum and Ultrafabrics, LLC. Simple to specify, these fabrics have been tested to HON's Tailored Fabrics (COM) criteria for manufacturing feasibility. Each Smart Textile has been given a HON fabric designator and grade to make the ordering process convenient. You select the fabric and HON delivers a hassle-free experience. For a complete listing, please visit [HONSmartTextiles.com](http://HONSmartTextiles.com).

- Fabric Warranty: Smart Textiles are non-standard materials and are considered Tailored Fabrics (COM). Tailored Fabrics (COM) selected by and used at the request of a user are not warranted.
- Lead-times: Orders specified with Smart Textiles will be acknowledged based on the fabric supplier's delivery schedule.
- Availability: Maharam and Momentum reserve the right to discontinue patterns and colors from this program.
- Fabric Memo Samples: Please contact the supplier directly:  
 CF Stinson: (800) 841-6279  
 Maharam: (800) 645-3943  
 Momentum: (800) 366-6839  
 Ultrafabrics: (877) 309-6648

The HON Company has established paint grades to allow customers flexibility and ease in doing business with HON. HON has three paint grades Core, Choice and Custom.

**Core Paint Colors**

HON has established core paints which are available on all core products. Core products are identified throughout the pricer by the symbol ©. The core colors are Black, Carob, Charcoal, Greige, Light Gray, Muslin, Putty, Taupe, Loft and Shadow.

**ColorCorrect®**

In addition to the 10 core colors and 3 standard choice colors, HON offers the ColorCorrect program. Under The ColorCorrect program customers can order 32 of the industry's most popular colors. Still can't find the color that is just right for you? Ask for a custom color.

**Choice Paint Colors (Industry Standard)**

The HON Company has matched 32 of the industry's most popular paint colors. HON has also introduced two Metallic colors, Champagne (T4) and Platinum (T1) and one standard choice paint, Brilliant White (WHIT). These colors have HON codes assigned to them and are available on specified HON brand metal casegoods. Please see individual pricer pages for eligible series and up charges for Choice paints. Choice paints are listed in the pricer pages under the column Choice/Metallic. Up charges vary by product (all standard discounts/competitive project pricing applies). No minimum quantity required. If you are matching existing office furniture and are unsure of the name or if the color is a match, a painted metal sample is available upon request from HON Literature Fulfillment.

**Custom Paint Colors**

With The HON Company's state of the art color matching equipment just about any color can be matched. A sample of the exact color desired is required for matching and approval. An exception to this match/approval process is if an existing Sherwin Williams® or PANTONE® color code is provided, a painted metal match sample can be produced for customer review and approval. HON will match and provide a production sample for the customer to review and approve. Once the signed paint sample is received at HON the order will be entered. Please see individual pricer pages for eligible series and up charges for Custom paints. Custom paint prices are listed in the pricer pages under the column Custom. Up charges vary by product (all standard discounts/competitive project pricing applies). No minimum quantity is required. For complete program details, access Tailored Solutions on the HON Ready Portal at honready.hon.com.

Some custom colors could fall outside of this program due to production costs or not meeting HON quality standards. This could include Sherwin Williams developed colorants. The HON Company may apply additional charges to some colors which are costly to apply, and deny some orders on colors that cannot meet our high quality standards. We will notify the customer upon completion of our evaluation if a change in price is required or if the order is denied.

Core Paint Color	Code
Black	<b>P</b>
Carob	<b>T8</b>
Charcoal	<b>S</b>
Greige	<b>T5</b>
Light Gray	<b>Q</b>

**NOTE:** Under The ColorCorrect Program metal casegoods products with plastic parts will not match paint colors. Plastic parts will default to Black. If a customer wishes to specify a HON Core Color plastic part, a Tailored Solutions request can be created to accomplish the specification. HON product in Core colors with plastic parts will match Core colors.

**HON Branded Products in Core Allsteel® Paint Colors**

The HON Company will match Allsteel core paint colors on HON brand metal casegoods. When ordering Allsteel colors the HON code should be used. Plastic part will match paint except where noted.

Allsteel Core Paint Color Ordering Information

- Black (P27) — Same as HON Black (P)
- Brownstone (P7D) HON Code M3 (NOTE: Plastic parts will be in Black)
- Bungalow (P7C) HON Code M2 (NOTE: Plastic parts will be in Black)
- Cloud (P06) — Same as HON Light Gray (Q)
- Driftwood (P01) — Same as HON Taupe (E)
- Flint (P02) — Same as HON Charcoal (S)
- Loft (P7B) HON Code LOFT (NOTE: Plastic parts will be in Black)
- Muslin (P4J) — Same as HON Muslin (T3)
- Parchment (P93) — HON Code H9 (NOTE: Plastic parts will be Greige)
- Fossil (P28) — HON Code T7 (NOTE: Plastic parts will be Light Gray)

The following icons are used throughout this publication.

-  Meets or exceeds ANSI/BIFMA and ISTA performance standards.
-  HON "One Key" Interchangeable core removable locks. Refer to page 718.
-  Caution
-  Easy to assemble.
-  Shippable by small-package carrier.
-  Omit core removable lock option available. Allows keyed-alike workstations. Refer to page 718.
-  Wheel-chair compatible.
-  Soft-tread caster option available.
-  Product shipped two to a carton.
-  Product shipped four to a carton.
-  Fire Code
-  Preferred Fabrics
-  Core Product Line
-  Product scheduled for discontinuation.
-  Fabric/upholstery/surface material de-emphasized, effective date as noted. Not carded. View online at [honready.hon.com](http://honready.hon.com).
-  Indicates product that is not included on GSA contracts.
-  Indicates New product.

## CLEARING THE AIR.

## Environmental Statement

In 2006, The HON Company became the world's first office furniture manufacturer to have products certified by the Indoor Advantage™ Program. Virtually all manufactured products emit chemical compounds into the air. Indoor Advantage evaluates these compounds to help improve the air quality within enclosed indoor environments.

Developed by Scientific Certification Systems (SCS), Indoor Advantage subjects products to specific indoor air quality standards. Further, Indoor Advantage tests individual components as well as overall assemblies, and provides detailed analysis of a comprehensive range of all chemicals rather than simple pass/fail for only the most common. This enables us to help our suppliers reduce the environmental impact of their products and processes, too.

SCS offers two levels of certification:

SCIENTIFIC CERTIFICATION SYSTEMS

**Indoor Advantage™** certifies conformance with LEED-CI criteria for EQ4-5, as well as BIFMA X7.1 Low-Emitting Furniture and Seating.

SCIENTIFIC CERTIFICATION SYSTEMS

**Indoor Advantage™ Gold** certifies additional conformance with California 01350 Special Environmental Requirements and Collaborative for High Performance Schools (CHPS).

## On the level™

level, the BIFMA e3 sustainability standard, was developed in response to the increasing demand for proof that manufacturers are living up to their environmental claims. level Certification is based on four sustainability attributes: Materials, Energy and Atmosphere, Human and Ecosystem Health, and Social Responsibility.

The HON Company has received level™ 2 certification for 60 product lines. That means more than 80 percent of our product volume has earned this important certification.

the BIFMA sustainability standard

the BIFMA sustainability standard

The level certification is a multi-attribute certification label for products that have met environmental, social and quality standards.

Laminate Caseworks and Systems are certified as a typical workstation. Individual models contribute to the overall workstation certification.

Products that meet these specifications are identified throughout this publication with the following icons:

Certified **SCS Indoor Advantage™** See page 11.

Certified **SCS Indoor Advantage™ Gold** See page 11.

Complies to the **BIFMA e3 Sustainability Standard.** See page 11.

Complies to the **BIFMA e3 Sustainability Standard** at the specified rating. See page 11.

See Nature Core story for panels — page 303.

## GSA Contract Information

Model numbers identified with the verbiage **“Open Market”** are not offered on HON's GSA contract GS-27F-0015S. Model numbers identified with the following verbiage **“Must be purchased with a configurable end product. If ordered separately, not on GSA contract”** is to mean that these configurable components or options:

- Have no functionality or capability without being integrated into an end product, and
- Are not separately orderable; an eligible Schedule ordering activity may only purchase them with a configured system that is on contract.

► The listings below are intended to show product, fabric, and finish additions from your 1/1/2011 HON List Pricer.
