

Education Workstations

Everything you need, and nothing you don't. Our education workstations feature a comfortable ergonomic design that provides the components you need without superfluous clutter. Smart design details allow for efficient use of technology within a relatively small footprint.

- Diverse situations, and different sizes of equipment – and people – call for the flexibility of adjustable table legs. Our workstations adjust in height from 22½"-32½".
- Your IT people will be pleased with the optional electrical and wire management accessories, which provide data and wire management and electrical capabilities to the workstations.
- Our selection of sizes ensures you'll find the perfect fit for whatever room size or layout considerations you have.

See pages 257-258 for the complete selection.

Shown in Natural Maple/Light Gray with Perpetual® nesting chairs in Simple Textiles™ Simplex Streak (see page 220).
