

Learning Applications Communications Support

Yesterday's filmstrip is today's PowerPoint presentation, and slides have been replaced by digital files. Today's sophisticated technology requires support systems tailored for modern communication formats. We have the platforms that will support, store and display all your equipment, supplies and literature, making it easier for you to communicate.

Audio visual carts

- Wide assortment of models accommodates any size monitor, TV or projector.
- Store media equipment and support materials on spacious fixed and adjustable shelves.
- Large sturdy casters ensure smooth operation and easy mobility.

Literature display stands

- Open display shelves invite browsing.
- Adapt shelves for larger literature, with easy vertical adjustment.
- Tilted shelves keep literature in place.

Adjustable projector cart

- Mobile cart accommodates and transports LCD projectors.
- Recessed projector shelf puts projector top level with side shelves for easy document transfer.
- Folding drop shelves provide workspace for documents.

Laptop storage cart

- Fits up to 30 laptop computers – ideal for corporate training rooms and educational facilities.
- Doors lock for added security.
- Casters provide easy transport.

Projection screens

- Multiple size screens fit any size room.
- Choose quick-setup portable tripod models or more permanent wall- or ceiling-mounted models.

Utility/book trucks

- Heavy-duty welded steel construction holds up to 400 lbs.
- Large soft-tread casters ensure quiet operation.
- Smooth rounded corner handles provide better control of heavy loads.
