

## **Grove™ - Where Comfort and Connectivity Come Naturally**

### **Fact Sheet**

#### **Top Features**

- A customizable lounge seating line designed to welcome and connect users in a variety of settings without sacrificing comfort
- Plush seats and backs allow users to get comfortable quickly, while multiple arm options and leg finishes create a differentiated look
- It's easy to stay connected with optional integrated table surfaces that include power outlets and tablet accessories

#### **Where It Works**

- Grove lounge seating welcomes guests in reception areas and encourages productivity and interaction in break rooms, meeting spaces and private offices

#### **Product Details**

- Grove lounge seating comes in a variety of sizes:
  - 1-Seat: Use as a standalone solution, in small space settings or as part of a larger configuration
  - 2-Seat: Use as a single loveseat or as part of a larger configuration
  - 2-Seat with Table: A table between two seats provides separation and creates a usable worksurface for guests that can be powered to keep technology fully charged
  - 3-Seat: The full 3-seat sofa is capable of supporting a small collaborative meeting or bringing guests together in a cozy, comfortable space
- Tapered square and tapered round leg options, available in 7 solid hardwood finishes or two polymer finishes, allow you to match any desired aesthetic
- Available with no arms, straight arms or tapered arms
- The 2-seat with table option adds personal space within a public space
- Make a bold statement when you select from hundreds of high-quality HON fabrics or dress it up with dual fabric options for limitless design possibilities
- Designed through collaboration with Brian Kane
- Backed by HON's Full Lifetime Warranty
