

Coordinate™ - The Power to Move with You Fact Sheet

Top Features

- Coordinate promotes movement and changing posture throughout the day to support a healthier, more ergonomically friendly workspace
- The height-adjustable bases and desktop risers provide a seamless transition from sitting to standing
- Coordinate height-adjustable bases work with dedicated rectangle or corner cove worksurfaces and any HON worksurface, including Voi®, 10500 Series™, Preside® and Foundation™
- Desktop Risers quickly turn any desk or table into a sit-to-stand workstation in minutes without modifying the base or frame

Where It Works

- Incorporate sit-to-stand worksurfaces with 2-leg or 3-leg bases into any open plan, private office or training space
- Coordinate is designed to fit all HON worksurfaces and work within virtually any office setting to give anyone a much needed change of pace and posture
- The portable and mounted desktop risers allow you to create a sit-to-stand solution by either placing or mounting the units on an existing or any standard HON worksurface

Product Details: Coordinate Height-Adjustable Base

- The Coordinate Height Adjustable Base is available in a 2-leg/2-stage, 2-leg/3-stage and 3-leg/3-stage models
- The 2-leg and 3-leg/3-stage bases range from 21 5/8”H to 47 3/4”H to support a variety of postures and preferences. The 2-stage base ranges from 21 5/8”H to 45 1/4” H.
- Dedicated worksurfaces are 1” narrower in width on each side and 3/4” narrower in depth to prevent pinch points
- Attaches to any HON worksurface 24”D to 30”D and 48”W to 72”W, without needing additional components
- Ships with memory control standard, which allows the worksurface to move to one of four pre-set levels
- Backed by HON’s Limited 5-Year Warranty
