

Accelerate[®] Workstations – Accelerate Your Speed of Business Fact Sheet

Top Features

- Designed to accommodate multiple configurations through a single solution, Accelerate provides design flexibility throughout each area of your space.
- The thin profile and clean lines offer a range of aesthetic options to maximize design freedom.
- Accelerate combines style, selection and quality construction to provide unparalleled value.

Where It Works

- From reception areas to open environments to teaming spaces, Accelerate delivers the perfect fit.
- Accelerate panels are compatible with other HON products, like Abode™ and Voi® desks as well as Flagship® and Contain® storage.

Product Details

- Monolithic Panel heights: 35", 42.5", 50" and 65"
- Panel widths: 20", 24", 30", 36", 42", 48", 60" and 72"
- Accelerate's vast selection and versatile 72" W panels use fewer parts making it simple to plan, order, install and reconfigure.
- 2- and 3-way 120° Connectors allow for a wider variety of workstation arrangements and put everything within reach
- Durable metal base rails allow quick access to data and power, and keep networking neatly concealed and organized
- Additional design features, including stacking panels, a swinging door, and panel fabrics that create over 130 fabric options.
- Accelerate's design features thin profile glass and frameless glass panels for privacy and natural light, personal storage elements and a variety of worksurface options.
- A wide variety of worksurface laminate, and trim and storage paints, from light to dark, to coordinate with all HON product lines
- Backed by HON's Full Lifetime Warranty
