THE HON COMPANY WELCOMES NEW, BUDGET-FRIENDLY TASK CHAIR
INTRODUCING HIGH-END SEATING FEATURES IN ONE LOW-PRICED CHAIR

(MUSCATINE, IA – August 17, 2017) – The HON Company’s new, lowest priced task chair combines contemporary design and business savvy into a single solution that’s ideal for any office. Now open for orders, Convergence task seating delivers a modern aesthetic and customizable features for the perfect sit at an honestly affordable price.

“Convergence is a budget-friendly chair that offers exceptional comfort and personalization at a great price point,” says Brian Trego, vice president, product development and marketing at The HON Company. “Up for any task, it’s comfortable enough to use as a desk chair, flexible enough to showcase in conference rooms, and supportive enough to handle long hours of brainstorming.”

The modern workday is fluid, with people and projects always in motion – moving from meeting rooms to desk spaces to common areas and back. To support this trend, Convergence can be easily transferred from workstations to conference rooms with an integrated full-width handle across the top. Unlike other task chairs in the same price range, Convergence also offers a wide range of customizable features for increased comfort and personalization throughout the day. The mesh back combined with an intuitive adjustable lumbar conform to the body for all-day support, while a thick, contoured seat cushion with a waterfall edge takes stress off the lower body to promote a healthier sit. Choose from three arm options as well as swivel-tilt and synchro-tilt with seat slide options for the

flexibility to focus, relax and move the way you want throughout the day. Available in all HON Standard Fabrics, Convergence provides a clean, modern finish at an unbelievable price.

Skillfully crafted and meticulously tested by the experts at HON, every Convergence chair is held to a standard of beauty, comfort and quality. When you choose Convergence, you're not just buying an inspired practical solution for a great price - you're buying quality, American designed, engineered and assembled furniture backed by a lifetime warranty and a network of dealers. For more information about HON's lowest priced task chair, visit hon.com/convergence.

About The HON Company

Since 1944 The HON Company has delivered inspired practicality to the workplace. By obsessing over tiny details and emphasizing timeless over trendy, HON designs and manufactures workplace furniture including chairs, tables, desks, workstations and storage. Headquartered in Muscatine, Iowa, The HON Company has numerous manufacturing facilities strategically located throughout the United States, and markets its products through a nationwide network of loyal distribution partners. The HON Company is the largest operating company of HNI Corporation, a leading global office furniture manufacturer (NYSE: HNI). For more information, visit hon.com.
