

“Our students, parents and staff love, love, love our space. The look on people’s faces as they walk in has been priceless.”

- Chad Runkle, Principal, Winding Creek Elementary School

CUMBERLAND VALLEY SCHOOL DISTRICT  
WINDING CREEK ELEMENTARY SCHOOL  
MECHANICSBURG, PENNSYLVANIA

## FORM MEETS FUNCTION

**YEAR:** 2018

**PROJECT TYPE:** Education

**BUDGET:** Approx. \$1.5 mill list

**DEALER:** Tanner Furniture

Winding Creek Elementary School in Mechanicsburg, PA, was growing. They needed to renovate their classrooms and common areas to accommodate that growth. The upgrade needed to keep in mind their vision for the school, which was made up of 4 values: *We Wonder. We Care. We Innovate. We Inspire.*

From the beginning of the project, the school wanted spaces that encouraged innovation through collaboration and creativity. “We wanted the rooms, especially our common areas to inspire that feel,” said Chad Runkle, Principal at Winding Creek. “We wanted people to come in and say ‘wow!’”

The Cumberland Valley School District was thrilled with the overall offering throughout all of HON's product categories. The wide range of finish selections also played an important role in the final decision-making process. HON worked closely with Tanner Furniture and the school to get products ordered accurately, on time and within budget.

Teachers at Winding Creek Elementary love the common spaces the most, and say they are frequently used and have driven collaboration among teachers and students.

"Our students, parents and staff love, love, love our space. The look on people's faces as they walk in has been priceless," said Runkle.
