

HON

10500 Series™

STANDING-HEIGHT

LAMINATE DESKS

GET UP. GET DOWN. GET COMFORTABLE.

MADE IN THE
USA 

As comfortable and ergonomic as task chairs have become, many workers still prefer to stand at their desk while working. HON sit-to-stand workstations support this trend with desktops that can achieve a range of different heights that support any personal preference or office configuration. 10500 Series worksurfaces are designed to rise to any occasion, and will promote the health of the entire organization.

A. HEIGHT-ADJUSTABLE CONTROL

Sit-to-stand workstations are raised and lowered quickly and easily with an electronic motor.

B-D. STANDING-HEIGHT WORKSTATION

Support today's healthy workstyles by offering the choice of sitting or standing while working.
