

Ignition® Seating – The Perfect Fit Fact Sheet

Top Features

- Ignition is a comprehensive, coordinated seating solution for virtually every office need.
- Designed to accommodate body types from the 5th to 95th percentile, Ignition's innovative materials and construction not only offer the highest level of comfort, but also support a higher degree of flexibility.
- This flexible seating line allows you to mix and match adjustment features, back height and various customization options to fit who you are, where you work, and how you work.

Where It Works

- From welcoming to waiting areas, cafés to classrooms, and conference rooms to private offices, Ignition creates a universal aesthetic throughout a space while evolving to meet everyone's changing needs throughout the day.
- Ignition provides personalized comfort to fit a wide variety of people and work styles and improve productivity wherever work gets done.
