## THE ANYWHERE CHAIR

Some chairs extend the perfect welcome for waiting rooms and reception areas. Others play well in corporate training rooms or presentation spaces. Still others fill in as guest chairs in private offices. Then there's Pagoda. The HON Company's versatile, coordinated line of comfortable Pagoda stacking chairs and stools works beautifully in all these situations: in public areas or private offices; in business settings, healthcare environments, or the hospitality industry. Pagoda can refresh the look of an existing space or serve as a unifying element in a new or expanding enterprise.

**THE OPTIONS STACK UP**  
Stacking chairs come outfitted with a choice of casters or glides, and stack up to five-high with or without arms.

**STOOLS THAT FIT RIGHT IN**  
Stools are a key component of Pagoda's versatility. Line them up at counters or pair them with high tables in cafés or collaborative work areas for a handsome, sturdy, and practical seating solution that enhances both the look and functionality of practically any space.
