**Maintenance**

Care and Cleaning Guide

- **Step 1**: eye shadow, mascara, grease, black felt tip pen, crayon, chocolate, and suntan lotion
- **Step 2**: red lipstick
- **Step 3**: blood, urine, feces, oil base paint, tar and asphalt
- **Step 4 & 5**: all other tough stains

**Step 1**: Remove excess spill with a damp cloth. Clean with a 1:1 mix of Ivory® liquid and water. Next, rinse with clean water and dry.

**Step 2**: Use a straight application of concentrated cleaners such as Formula 409® or Fantastik® spray cleaner. Wipe with a clean cloth. Rinse with clean water, and dry.

**Step 3**: Use a 1:1 mix of ammonia and water, or a 1:4 mix of bleach and water. Rinse with clean water and dry.

**Step 4**: Use a straight application of naphtha (lighter fluid). Rinse thoroughly with clean water and pat surface dry.

**Step 5**: Use a 1:1 mix of isopropyl alcohol and water. If the stain persists, use straight alcohol. Rinse thoroughly with clean water and pat dry. Note: For cleaning that requires step 4 or 5, use a soft cotton cloth saturated with the cleaning material and rub the stain in circles 10 times. Pat dry with another soft cotton cloth and check the results.
