

HON

Keyboard Trays

COMFORT AND CONVENIENCE AT YOUR FINGERTIPS

Put your keyboard comfortably at your fingertips with HON keyboard trays and make the most of your valuable desk space. Rotating keyboard trays provide ergonomic benefits and customized comfort so you can stay in better control of your space. When not in use, the entire tray retracts under the worksurface and cord management clips help keep your space tidy and organized.

ARTICULATING ARM WITH KEYBOARD

- H1706**
- Platform glides on 17" track
 - Spring-assisted mechanism
 - Adjust height 1¼" above and 5" below track
 - Tilts +10 and -15 degrees
 - 25"W cut corner platform
 - Holds keyboard and mouse on same level for ergonomic comfort

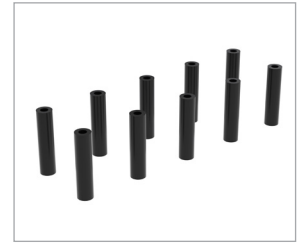

- H2107**
- Platform glides on 21" track
 - Lift and lock height adjustment
 - Adjust height 2½" above and 4½" below track
 - Release handle for tilt adjustment
 - Tilts up or down 15 degrees
 - Mouse platform tilts and swivels

SIT-TO-STAND ARM WITH KEYBOARD & KEYBOARD SPACERS

- H2516**
- One-hand tilt adjustment
 - Tilts +10 and -20 degrees
 - Adjust height 7" above and 5½" below
 - Detachable mouse platform with gel palm rest tilts and swivels

- HKBS**
- For use when attaching a keyboard tray to Coordinate® and worksurfaces with an external channel
 - Spacers are ¾"W x 2¼"H

LAMINATE & METAL KEYBOARD TRAYS

- H4022 & HE4022**
- Designed to place your keyboard in the most comfortable, convenient position
 - Scratch-, spill- and stain-resistant laminate withstands heavy use
 - Radius front edge provides a comfortable resting place for the wrists
 - Platform glides smoothly on steel, ball-bearing suspensions
 - Position 2", 2½", 3" or 3½" below the worksurface bottom

- H4028 & H4029**
- Designed to place your keyboard in the most comfortable, convenient position
 - Platform surface is positioned 3" below bottom of worksurface
 - The non-articulating platform glides smoothly on steel, ball-bearing suspensions
 - Sturdy reinforced steel construction adds strength and durability
 - Keyboard can be installed at one of four pre-set heights to improve wrist and forearm alignment

METAL CORNER SLEEVES

- H51204 & H51206**
- Connects two HON worksurfaces to create a corner workstation
 - Petite design creates a clean look
 - Fits 1½" thick square edge detail
 - Easily attach an articulating keyboard platform with pre-drilled holes
